

The world is at your fingertips ...

Course catalogue Erasmus/Freemover – ECTS points for international students

- All the credits displayed are for one semester.
- Courses which require little preparation but are assessed by written exams are awarded 1.5 credits per hour of the course. Courses needing a larger amount of preparation (mainly translation courses) are awarded double credit points per hour.
- Courses printed in **bolt letters** have proven particularly beneficial for international students.
- Based on past experience we can only recommend taking the bilingual and translation courses from “SDI students’ first foreign language” sections if the language in question is your mother tongue. Otherwise, you might be better advised to choose bilingual and translation courses from our “second foreign language” sections.

The course codes displayed are the codes for the fall/winter semester. For courses in the spring/summer semester, please replace the small “a” in the course code by a small “b”.
Example: FAK 1a-de-01 (fall/winter) will become FAK1b-de-01 (spring/summer).

Studienjahr (Year/level)	Kurscode (Course No.)	Kursbezeichnung (Course description in English, for reference only)	Note (Type of grading)	SWS (lessons per week)	ECTS
