Mobilities start with our **Welcome Day** in March and September for FAK, and in October for International University.

The **Transcript of Records** will be sent directly via email to home universities on 28 February and 31 July.

Students can choose if they are interested in our **on- and off-campus dormitories (first and second option or both) in the registration form**. In this way, they can take part in a lottery (off-campus) or get on a reservation list (on-campus) for one of the options. Marking these boxes does not guarantee a room but increases the chances of getting one.

Non-EU citizens need a **student visa** to study in Germany. We will provide students with necessary documents for their visa application. Please let us know about this in your nomination email.

In addition to a **valid ID**, students also need an **EU-insurance** card, or an insurance valid in Germany.

We provide support to incoming mobile participants with **special needs**. Please inform us about students' special conditions in advance.

Students will receive a welcome package on the **welcome day**, with more information about life in **Munich** and at **SDI**.
